

Drop The Book Cancellation Policy

Cancellation Policy – Drop The Book

We understand that circumstances change, and you may need to cancel your subscription. At Drop The Book, we strive to make this process as simple and fair as possible.

Subscription Cancellation

If you choose to cancel your subscription before the end of your current billing cycle, we will **prorate the remaining balance** of your subscription based on the unused portion of your current period.

Refund Process

- Upon cancellation, the prorated difference between what you paid and the value of the subscription used will be **calculated automatically**.
- The unused portion will be **refunded to your original payment method** within 5–10 business days.
- Refunds are only applicable to **active, paid subscriptions**. We do not offer refunds for previous billing periods.

How to Cancel

You can cancel your subscription at any time by logging into your account and selecting the “**Cancel Subscription**” option under your account settings.
